SUBJECT—*Import of raw material/components and spare parts against actual user licences granted to industries in the scheduled and non-scheduled sectors including small scale industries.*

No. 42-ITC(PN)/63.—Attention of the importers is invited to Ministry of Commerce and Industry Public Notice No. 19-ITC(PN)/63, dated the 18th March, 1963 on the above subject, copy enclosed.

2. A question has been raised whether the provisions of the above Public Notice will also be applicable to actual user licences for raw materials/components granted under U.S.-Aid for imports from U.S.A.

3. The matter has been considered and it has been decided that the provisions of Public Notice No. 19-ITC(PN)/63, dated the 18th March, 1963 will also apply to licences issued to Actual Users for import of raw materials/components under U.S.-Aid from U.S.A. In this connection it may, however, be pointed out that for import of spare parts a 'Notice to U.S. Business' is necessary and the importer has to comply with the provisions of clause (iii) of the Appendix to Public Notice No. 74-ITC(PN)/62, dated the 26th June 1962. Where, however, the importer wants a waiver of the requirement of 'Notice to U.S. Business' in so far as particular spare parts are concerned, he should follow the procedure outlined in clause (iv) of the same Appendix. In regard to import of small tools, it is stated that this item is already advertised in the International Commerce and will be governed by the provisions of clause (v) of the Appendix to the Ministry of Commerce and Industry Public Notice No. 74-ITC(PN)/62, dated 26th June 1962, i.e. the importer must obtain and consider quotations from U.S. suppliers mentioned in the attached list in addition to those of any other suppliers whom he may already know in making a final award and the orders as finalised should conform to the provisions of clause (viii) of the same Appendix.

D. R. SUNDARAM,

Additional Chief Controller of Imports and Exports.
